

About the Shelton State Archives

The Shelton State Archives Online is a Shelton State Libraries Preservation Project. Its goal is to collect, digitize, and create an online database of documents and photographs related to the history of the college. The focus is to preserve the history of the college and make it accessible to researchers, historians, and the general public.

The project began in August 2012. The first items to be digitized were the complete run of the college's student newspaper, *The Courier*, dating from 1997 to 2009. Newspaper issues began appearing online in late October 2012.

Access the Shelton State Archives at <https://sites.google.com/site/sheltonstatearchives/>

Also, there is a link to the Archives on the Libraries webpage.
